

Strategies Along with Tactics				
These are the tactical approaches and specific actions taken to enhance sales, improve customer engagement, and maximize profitability.				
Area	Strategy	Tactics	Notes	Ref
Marketing and Sales Strategies	Dynamic Pricing	Implement dynamic pricing models that adjust based on demand, competitor prices, and cost.	refer following strategy: Dynamic Pricing Strategy: Implement pricing algorithms to adjust prices based on demand, competition, and inventory levels. Cost-Based Pricing: Set prices based on the cost of production, fulfillment, and an added percentage for profit margin. Tiered Pricing: Offer discounts on bulk orders to encourage larger purchases and increase overall order value.	
		Consider using psychological pricing tactics to enhance attractiveness.		
		Regularly review and adjust prices to reflect changes in the market and cost structure.		
	Promotions and Discounts	Flash Sales: Utilize flash sales to drive urgent buying behavior and clear out excess stock.		
		Volume Discounts: Offer discounts based on the quantity purchased to increase average order size.		
		Seasonal Promotions: Align discounts and promotions with holidays and seasonal events to boost sales during peak shopping times.		
	Affiliate Marketing	Affiliate Programs: Develop an affiliate program to let influencers promote your products in exchange for a commission.		
		Collaborations: Partner with prominent TikTok creators to tap into their follower base and gain visibility.		
		Tracking and Management: Use robust tracking tools to manage affiliates and ensure proper payment.		
	Content Marketing	Video Content: Leverage TikTok’s format by creating fun and creative videos that showcase products in real-world scenarios.		
		SEO Optimization: Optimize product titles, descriptions, and backend keywords to increase visibility within TikTok Shop searches.
